

GT Plus ChlorophyllTM

Potent Green Tea Extract

ISO 9001:2015 Certified

Powerful and Legendry Antioxidant

HEALTH BENEFITS*

Helps to have a Strong Immune System, Healthy skin and healthy aging, Healthy Energy Levels and Healthy Circulation

MAIN PRODUCT FEATURES

GT Plus Chlorophyll green tea capsules are made with the goodness of green tea along with chlorophyll.

- **Catechins** (including EGCG), are the main active ingredients in green tea, which act as antioxidants and bind with iron, which may prevent some iron dependent inflammation. It can reduce oxidative stress.
- **Green tea** can help weight loss due to the presence of catechins.
- **Green tea** antioxidants can decrease inflammation and help reduce blood pressure.
- **Green tea** may correct cholesterol imbalances by raising HDL and lowering LDL cholesterol, while preventing LDL from oxidizing. Oxidized cholesterol is a key risk factor of cardiovascular disease.

Chlorophyll is a wonderful detoxifier and has effect on skin healing, body odors, wound healing, and blood building.

KEY INGREDIENT(S)

Green Tea Extract (Camellia Sinensis),
Chlorophyll

SUGGESTED USE

One to three capsules a day, preferably with meals.

LIKELY USERS

People who want antioxidant protection; those trying to control Cholesterol; People with high levels of inflammatory iron and high red meat consumption, those seeking to avoid caffeine, but are in need of green tea benefits.

OTHER IMPORTANT ISSUES

Contains 80% less caffeine than one cup of green tea drink per serving.

Three to four capsules would provide about the same antioxidant benefits as ten cups of tea, an amount used successfully in some studies.

Green tea has shown to help maintain levels of desirable intestinal bacteria.
