

Ultra Strength Bovine Colostrum with probiotics

Unique Combination of Colostrum & Potent Probiotics

HEALTH BENEFITS*

First line of defense from any infection, Supplies Broad spectrum all natural antiviral, antibacterial elements, Maintains healthy intestinal flora, Balances Immunity / Repair & Cell growth. Burns fat & Grows muscle and reduces the side effect of certain drugs.

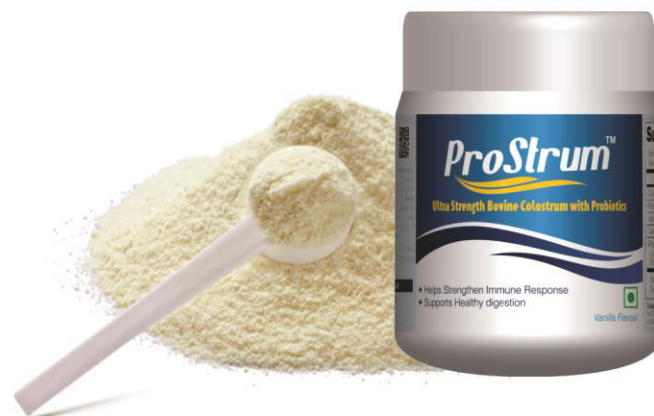

MAIN PRODUCT FEATURES

Prostrum is a unique mix of colostrum and probiotics that can act as first line of defense from any infection and also maintain the gut flora in our system.

- **High IgG per Serving:** IgG is the most abundant immunoglobulin found in bovine colostrums. It is carried into the blood and lymph (glandular) system and identifies and neutralizes specific antigens (Viruses, bacteria, toxins)
- **PRP (Proline Rich Polypeptides):** Balance immune system with modulating effects of TH1 & TH2.
- **Bifidobacterium bifidum:** showed promise in alleviating global IBS (irritable bowel syndrome) and in improving IBS symptoms simultaneously with an improvement in quality of life.
- **Bifidobacterium infantis:** Helps in gut immunity and improvement in abdominal discomfort and bloating.
- **Lactobacillus superegenes:** Lactobacillus is used for treating and preventing diarrhea, including infectious types such as rota viral diarrhea in children and traveler's diarrhea. It is also used to prevent and treat diarrhea associated disorders.

KEY INGREDIENT(S)

Broad spectrum Immunoglobulin, PRP, growth factors, and probiotics.
